TECHNOLOGY

At **Thompsons Travel**, we prioritise cost reduction with advanced business-to-business solutions and innovative technology. Our focus is on delivering a **personalised, customer-centric travel experience** that saves you both time and money.

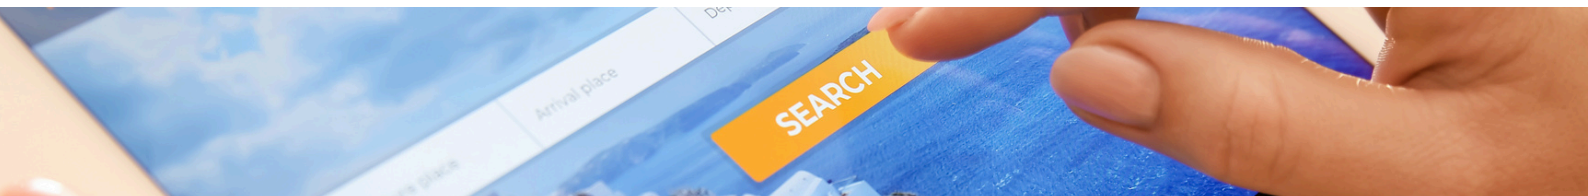

We offer two great tools: **THOMALEX**, which streamlines corporate travel for efficiency and savings, and XLGO, which provides detailed trip information, including flights, accommodations, activities, and travel guides.

Why **THOMALEX** Works for Your Business

THOMALEX streamlines the corporate booking process, saving time and reducing administrative tasks. It optimises travel expenses with competitive rates and smart booking options, while tailoring itineraries and services to individual preferences and business needs.

Additionally, it provides real-time updates, detailed travel information, and easy access to customer service for a seamless travel experience.

TECHNOLOGY

A Closer Look At **XLGO**:

- Expense Management: Capture expenses directly from the app.
- Accommodation Info: Get hotel details, directions, visa requirements, and transport options.
- Trip Journal: Document and share your travel memories easily.
- Real-Time Alerts: Receive flight alerts, updates, and online check-in options.
- Automated Itineraries: Daily itineraries generated based on your preferences.
- Destination Guides: Access offline guides and augmented maps for over 1800 destinations.
- Seamless Communication: Connect via WhatsApp, email, or in-app messaging.
- Augmented Reality: Visual displays of nearby places, distances, and ratings.

With **XLGO**, business travel is efficient, informed, and enjoyable.
